BASEBALL, AUTOS,  
LAWN TENNIS, GOLFTerry Keller to Box  
in Ogden on Jan 21

Arrangements have been made by Billy Gasmann to have Terry Keller (heavy weight) challenger to meet Big Jim Downing of Tremonton for 20 rounds. The following letter from Keller's manager shows the big boy to be on his way. Keller will train out at the Eagles' gym on his arrival.

"Mr. Billy Gasmann, Dear Sir: Just returned from Pittsburgh where Terry boxed Harry Greb the middle weight champion, a 10-round no decision bout. Terry having a good shade on Greb in the ten rounds, almost knocking him out in the fourth, and sixth round, but did not receive credit due through the Pittsburgh papers, as Pittsburgh being

Grebs' home, which accounts for the papers there refusing to acknowledge his defeat to Terry. Terry being an out-of-town boy.

"Terry will leave here tomorrow of the next day for Ogden as the trains are running so out of schedule at the present time, he will do the rest of his training there.

"Yours very truly,  
"GEO. A. KELLER."  
"Mr. Terry Keller."

This appears to be one more first-class show that Ogden's youthful promoter will offer to the Utah fans. As both of these boys are considered very good in their class.

BALL PLAYER NOW  
LAUNDERS IN ARMY

Catcher Clemens.

After several years of varied experience in the minors, the Federal league and with the Chicago Cubs, Catcher Clemens is now handling the business end of the laundry at the Great Lakes naval training station. After making a good showing with the Cubs, Clemens left baseball at the close of the 1916 season to practice law. He enlisted in the navy last September.

to cut down the number of games. Principal Eaton will attempt to obtain the support of the rest of the schools, and it is expected that a meeting will be called immediately to discuss the advisability of making over the list of contests.

It seems certain that under the present schedule it would be impossible for a Salt Lake division team to take the state championship. No rest would be allowed because of the ruling that a team must play every game to be eligible for the championship. The players who came through on the winning team would hardly be in condition to enter a fast tournament against teams that had played less than half the number of games.

"Stuffy" McInnis Is  
Last of Mackmen;  
Goes to Boston Red Sox

PHILADELPHIA, Jan. 10.—John "Stuffy" McInnis, first baseman and the last of Connie Mack's famous world's champions, goes to the Boston Americans in a straight trade for players. The names of the players and how many will come to Philadelphia in the trade was not announced.

Word that McInnis was to go to the Red Sox was received here tonight in a telegram from Connie Mack, who is at Jacksonville, Fla., arranging for the spring training trip. No one in authority at club headquarters here has any information as to the details of the trade. It was said that Mack will pick the players he wants later and that the number will depend upon the men he selects.

McInnis has been a star on the Athletics team almost from the day he arrived in 1909. He was 27 years old last September. Prior to coming to the Philadelphia Americans he played with the New Bedford, and Haverhill teams.

In his first year with the team he batted .239 and in every succeeding season with the exception of 1916, when his average was .295, he hit for more than .300.

## MINISTERS TAKE RAP

KANSAS CITY, Mo., Jan. 10.—Mayor George H. Edwards tonight received a telegram from the chief of staff at Camp Funston asking him whether or not he desired that the boxing and wrestling tournament arranged for January 25 and 26 between Camp Funston and Camp Dodge be held here.

The ministerial alliance has protested against the tournament, saying that local promoters were to get one-third of the proceeds and that a boxing exhibition with an admission charge would be a violation of the law.

"If the law permits a boxing exhibition I am heartily in favor of it," Mayor Edwards said. The mayor is seeking information on the legal phase of the matter.

## ALFRED DE ORO WINS

FIRST TITLE MATCH  
HAWAII, Jan. 10.—Alfred De Oro, the world's champion three-cushion billiardist, tonight won the first block in the championship match with Charles Otis of Brooklyn, by 1 point.

Otis was leading by a score of 49 to 46 when De Oro made 4 points and ran out the block.

The score: De Oro 98 innings, score 50; Otis, 97 innings, score 49.

Each man had a high run of four. The Spanish minister to Cuba refereed the match.

President Menocal, accompanied by his son and aides, was a spectator. Both players were introduced to him before the game began.

## HAPPY SUGGESTION.

NEW YORK, Jan. 10.—Manager Huggins was today offered a suggestion from a major league which seems to open the way for him to secure Del Pratt for the Yankees. To get Pratt from the St. Louis Browns the big league would trade First Baseman Pipp. He apparently had inside information that such an agreement would meet the approval of the Browns.

AGGIES READY FOR  
WEST HIGH TEAM

Put in Hard Training For  
Hoop Game to Be Played in  
Logan Saturday.

LOGAN, Jan. 11.—The Aggies have been putting in some hard licks for their game with the West High Panthers, which will be played in Logan Saturday. The boys are slowly rounding into old-time form and should be in fair trim when they meet their scholastic rivals at the end of the week.

There has been some talk of Bernston, B. Y. C. star, being declared ineligible on account of competing in college athletics during his high school days. The case will be taken before the conference for a hearing, and it is possible that he will be reinstated before the season opens. If he is forced from competition it will materially weaken the prospects of the Aggies, as this youth was showing surprising ability at the hoop game.

The B. Y. C. is scheduled to tackle the Panthers tomorrow, and the next evening will bring the high school boys and the Aggies together. This game will be no easy sailing for the college men, as the Panthers are strong this year, and at the present time the Aggies have shown nothing on which to place any championship hopes.

It is almost assured that the Montana State college basketball aggregation will be brought to Logan for two games on January 25 and 26. The Aggies journeyed to Bozeman last year and were trimmed by that aggregation, and are now anxious to have an opportunity to get a little revenge.

John L. Coburn, graduate manager of athletics at the A. C., will represent the Aggies at the conference meeting in Denver tomorrow, at which meeting a schedule for next year's football aggregation will be arranged. The Aggies expect to secure a more satisfactory schedule next season, as they will for the first time have some say as to whom they want to play and who they do not. Denver has already expressed a willingness to play the Farmers next year, and Manager Coburn also wired California today, endeavoring to arrange a game for next fall.

NO BASEBALL IN  
HAVANA THIS YEAR

NEW YORK, Jan. 10.—There will be no baseball in Havana this winter, because of the influenza epidemic. Curley Brown, who last season spent more than \$140,000 to build a diamond in his big race track will keep it closed rather than pay the players 75 per cent of the receipts.

Last year he split 50-50. It was learned today that when he was ready to open this winter Mike Gonzales, of the St. Louis Cardinals, was sent by the players to ask for three-fourths take-off.

STAKE WILL BE  
FINISHED TODAY

GRAND JUNCTION, Tenn., Jan. 10.—Two braces of the second series of the United States field trials clubs all-age stake were run here today.

Square-edges, owned by J. S. MacMillan of Lodi, Wis., was in best form and succeeded in handling the bevy of birds found in good style.

The stake will be finished tomorrow.

FACTORIES TO SAVE  
ON FUEL SUPPLY

WASHINGTON, Jan. 11.—The first order for curtailment of the consumption of fuel in industry, was given last night by Fuel Administrator Garfield, directing all manufacturers of paper board to suspend absolutely the use of fuel in their plants between 7 o'clock Saturday morning and the same hour Monday morning.

The paper board makers were among the first called in by Dr. Garfield for his conferences with manufacturers not engaged in war work through which it is proposed to reduce coal consumption by perhaps 50,000,000 tons during the coming year. They estimated the amount of fuel they could save and agreed to co-operate in any plan that might be agreed upon.

Compliance with the order is made obligatory under a penalty. It is estimated that the actual saving of coal to be effected will amount to 15,000 tons weekly, or 750,000 tons annually. Similar orders affecting other industries, probably nearly 100 in all, will be issued later.

## PARK CITY MAN DIES.

PARK CITY, Jan. 11.—Patrick Joseph Holland, a prominent citizen of this city, died here today. He was born in Ireland, March 17, 1859. He is survived by his widow, three sons and three daughters. Interment will be in Salt Lake. Arrangements for the funeral services will be made later.

Every woman to born with a master mind, or in other words, with a mind no man can master.

SCOTT NEARING  
HAS COMPLAINTUnited States Marshal Threatens  
to Get Rid of a  
Traitor.

NEW YORK, Jan. 10.—Scott Nearing, who has been dismissed from the faculties of two universities for his radical views and who now is chairman of the national executive committee of the People's Council of America, announced tonight that he had called upon President Wilson and Attorney General Gregory to remove from office Thomas D. McCarthy, United States marshal for the southern district of New York.

There are a number of other war emergency measures the consideration of which is being urged at a special session.

At present Idaho is without funds which can be used for the purpose of carrying on the various war activities throughout the state, and in the event of a special session this will be one of the principal questions to be dealt with. There are a number of other war emergency measures the consideration of which is being urged at a special session.

LOGAN BANK TO JOIN THE RESERVE SYSTEM  
LOGAN, Jan. 10.—At a meeting of the directors of the Thatcher Bros. Banking company held this afternoon it was unanimously decided to make formal application for membership in the federal reserve system. A resolution to that effect was enthusiastically adopted. This is the first state bank of Utah to respond to President Wilson's appeal and join the system.

MORE REPRISALS  
BY THE GERMANS

LONDON, Jan. 11.—A German official statement, according to an Amsterdam dispatch to the Central News, says:

"As a reprisal for the retention of inhabitants of Alsace-Lorraine against the law of nations, 600 French will be conveyed to Russia from January 6, and within a few days 400 French women will be sent to the camp at Holzminden (Duchy of Brunswick)."

SOLDIERS STUDYING  
WEATHER CONDITIONS

SALT LAKE, Jan. 11.—For the purpose of taking a course in weather observation under J. Cecil Alter, meteorologist for the local bureau, and that they may qualify for service in the war department, Sergeant Churchill Shumate and Privates Robert F. Gould, William L. Cone and Lloyd Elmer Lee arrived in Salt Lake from Camp Lewis, Wash., yesterday.

Sergeant Shumate, before being drafted for the new national army, was a resident of Salt Lake, in the employ of the Salt Lake Iron & Steel company. Private Gould formerly taught school at Pleasant Grove; Private

Cone, before being drafted was division superintendent of power installation with the Utah Power & Light company, and Private Lee was an electrical engineer in San Francisco.

IDAHO LEGISLATURE  
MAY BE RECONVENED

POCATELLO, Idaho, Jan. 10.—According to reliable information, it is altogether probable that a special session of the Idaho legislature will be convened early in February.

While Governor Alexander has declined to commit himself, it is understood that he has received many requests for an extra session of the fourteenth legislature and that he is disposed to act favorably thereon.

At present Idaho is without funds which can be used for the purpose of carrying on the various war activities throughout the state, and in the event of a special session this will be one of the principal questions to be dealt with. There are a number of other war emergency measures the consideration of which is being urged at a special session.

LOGAN BANK TO JOIN  
THE RESERVE SYSTEM

LOGAN, Jan. 10.—At a meeting of the directors of the Thatcher Bros. Banking company held this afternoon it was unanimously decided to make formal application for membership in the federal reserve system. A resolution to that effect was enthusiastically adopted. This is the first state bank of Utah to respond to President Wilson's appeal and join the system.

The action by the board was taken in order to affiliate the Thatcher bank with the national banks and the leading state banks of the country so that it may be able to render still further aid to its many customers in these times of war and uncertainty.

At the stockholders' meeting this morning the following were elected as directors of the bank for the ensuing year: H. E. Hatch, M. S. Eccles, Dr. D. C. Budge, Joseph Quinlan, Jr., Robert Anderson, Professor George B. Hendricks, E. R. Owen, A. E. Bowen, of Logan; I. K. Hillman of Oxford; J. W. Hurren of Hyde Park; Hyrum Nebeker of Laketown.

The directors elected H. E. Hatch as president and M. S. Eccles and Dr. D. C. Budge as vice presidents.
